Project and System Information	
System Name	WM Denver East Pump Station Facility
Project Title	WM Denver East Pump Station Facility
County	Arapahoe
Associated CDPS Permit No.	N/A

1. Applicant Certification

I certify that I am familiar with the requirements of *Regulation 22 - Site Location and Design Regulations for Domestic Wastewater Treatment Works*, and have posted the site location in accordance with the regulations. An engineering report, as described and required by the regulations, has been prepared and is enclosed.

Applicant Legal Representative

Position/Title Engineer	Typed Name Chad Hearn	Signature	Date
Email jhearn@wm.com	Phone 720-454-3813		
The system legal representative is the legally responsible agent and decision-making authority (e.g. mayor, president of a board, public works director, owner). The Design Engineer is not the legal representative and <u>cannot</u> sign this form.			

2. Recommendation of Review Agencies

As required in Sections 22.9(1)(c) and 22.9(1)(d), the application and the engineering report must be submitted to all appropriate local governments, local health authority, 208 designated planning and management agencies and other state or federal agencies for review and comment prior to submittal to the Division. By signing below, the review agency: 1) acknowledges receipt of the proposed site location application, 2) has reviewed the proposed application and may elect to provide comments, and 3) has provided a recommendation concerning the application to the Division. The recommendation should be based on the consistency of the proposed site location application with the local comprehensive plan(s) as they relate to water quality and the approved regional water quality management plan(s). *Please note: Review agencies are encouraged to provide project comments; however, if a review agency does not recommend approval then the agency must attach a letter describing the reason for their decision or comment on the next page.*

Review Agency Comments:
<p>Aurora Comments - The City of Aurora entered into an agreement with Waste Management to accept wastewater discharge from their DADS southeast recycle facility into our system for conveyance to Metro Wastewater Recovery. Aurora validated sufficient system capacity to handle the flows from their site. Per our agreement with Waste Management, all onsite infrastructure, including the lift station, will be privately owned, operated and maintained.</p> <p>Construction of the forcemain and connection point within Aurora will require standard City of Aurora infrastructure review and permitting.</p>
