Staff Report

To: Planning Commission

Through: Jan Yeckes, Planning Division Manager, PWD

Presenter: Bill Skinner, Senior Planner, PWD

Subject: Case No. CZ20-001 Peoria Crossing Road Rezoning

Purpose and Request

Owner Lonnie Clark proposes rezoning 140 acres of land currently that is currently a part of the Colorado Motor Sports Park Mixed Use Planned Unit Development (MU-PUD) from MU-PUD to Agricultural Estate (A-E).

Location and Vicinity Map

The subject property consists of part of 2050 S County Road 201 and part of 2280 S County Road 201. This property is located in Commissioner District 3.

Adjacent Subdivisions, Zoning, And Land Use

- North - The existing Colorado Motorsports MU-PUD will remain in place
- South - Agricultural lands zoned A-E
- East - Agricultural lands zoned A-E and a seasonal stream corridor
- West - Agricultural lands zoned A-E

Background

The following is a summary of previous zoning actions on the subject property.

1972: The subject property was zoned A-E as part of the initial establishment of zoning in Arapahoe County.

1976: The subject property was included in the approval of Preliminary Development Plan Z75-032. Application Z75-032 requested approval of a dog racing facility that included a track, parking for 2,000 vehicles, housing, and kennels on a 238.1 acre site.

2007: Approval of application A05-002 expanded the uses approved in the Z75-032 PDP to include those shown here:

ATHLETIC EVENTS, AGRICULTURAL EXHIBITS FAIRS, AUTOMOBILE SHOWS, TRACK EVENTS, CONCERTS, ENTERTAINMENT EVENTS, FAIRS, FARMERS MARKET, GO CART RACES, LIVESTOCK EVENTS AND SHOWS, OTHER USES WITH SIMILAR CHARACTERISTICS, PUBLIC AND PRIVATE GATHERINGS, RODEOS, SCHOOL EVENTS

2015: The subject property is included in the approval application Z14-003 Colorado Motorsports PDP which sought to modify the defunct dog racing facility for use as a motorsport venue. Uses approved as part of Z14-003 are shown here:

MOTOR SPORTS AND TRACK EVENTS SUCH AS CAR, TRUCK AND MOTORCYCLE EVENTS, MONSTER TRUCK SHOWS, TRUCK AND TRACTOR PULLS, OFF-ROAD SHORT COURSE RACING, MUD PIT RACING, MOTOCROSS, SUPER CROSS, ENDURO CROSS, DRAG BOAT, STUNT SHOW EVENT OR DEMOLITION DERBY, AGRICULTURAL EXHIBITS FAIRS. INDOOR OR OUTDOOR ENTERTAINMENT EVENTS SUCH AS FAIRS, SWAP MEETS, SCHOOL EVENTS, CONCERTS, CAR/TRUCK SHOWS, TRADE SHOWS, ATHLETIC OR RECREATION EVENTS. USES NOT SPECIFICALLY LISTED ABOVE MAY BE PERMITTED IF, IN THE OPINION OF THE PLANNING DIVISION MANAGER, THEY ARE SIMILAR IN CHARACTER TO PERMITTED USES IN THIS PDP, AND ARE IN CONFORMANCE WITH THE INTENT OF THIS PDP.

2021: This application, CZ20-001 seeks to remove 140 acres from the PUD zoning described above and return it to A-E zoning similar to that established in 1972. The requested A-E zoning matches that of the surrounding properties with the exception of the 98 acres that remain in the Z14-003 Colorado Motorsports PUD.

Discussion

Staff review of this application included a comparison of the proposal to policies and goals outlined in the Comprehensive Plan, the Rezoning section of the Land Development Code, existing uses, and an analysis of referral comments.

1. The Comprehensive Plan

Staff has determined the application is consistent with the following goals and policies identified in the Arapahoe County Comprehensive Plan:

GOAL RA GM 1 – Preserve the Rural Character of the Rural Area

Policy RA GM 1.3 - Prohibit Urban and Large Lot Residential Development in the Rural Area - The County will maintain the rural character by limiting development to very low densities in the Rural Area, in accordance with existing County zoning, and prohibiting higher densities other than for cluster residential development.

Strategy RA GM 1.3(a) - Maintain Agricultural Zoning

The County will restrict rezoning of land in the Rural Area for urban development or large lot residential. – Approval of Application CZ20-001 would remove 140 acres of rural land from the Colorado Motorsports PDP, reducing the area of this very non-rural PUD to roughly 41% of its current size.

The Comprehensive Plan designates this site as Tier 2. Tier 2 properties are intended to remain rural with agricultural and related uses and low density residential uses. If approved, the rezoning to A-E will establish a 35 acre minimum lot size. This is aligned with the intent of the Tier 2 designation.

2. Land Development Code Review

Chapter 5, Section 5-3.2 of the Land Development Code provides the review and approval criteria for rezonings. All rezoning applications must meet the following standards:

- a. *Recognize the limitations of existing and planned infrastructure, by thoroughly examining the availability and capability of water, sewer, drainage, and transportation systems to serve present and future land uses.*

Application CZ20-001 requests approval of A-E zoning which includes a 35 acre minimum lot size requirement. Given the 35 acre minimum lot size requirement, the location of the site, and the lack of access to municipal water and sewer infrastructure for the foreseeable future, it is assumed the subject property will rely on well water and septic field sanitation. Tri-County Health Department reviewed the proposed zoning and offered direction pertaining to the implementation of onsite waste water treatment (septic fields) and domestic wells.

South Peoria Crossing Road (County Road 201) is adjacent to the west edge of the subject property and could provide access. Access to public roads for any lots created will be required if the property is subdivided.

In terms of access to water, sanitation, drainage, and access to transportation infrastructure the proposed rezoning complies with criteria stated in the Land Development Code.

- b. *Assure compatibility between the proposed development, surrounding land uses, and the natural environment.*

The requested A-E zoning matches that of the surrounding properties with the exception of the 98 acres that will remain in the Z14-003 Colorado Motor Sports PUD.

The natural short grass prairie ecosystem that predated establishment of ranching and farming activities in this part of Colorado is not known to exist on the subject property.

- c. *Allow for the efficient and adequate provision of public services. Applicable public services include, but are not limited to, police, fire, school, park, and libraries.*

Rezoning the property from MU-PUD to A-E will not affect the level of services available to the subject property. Service levels will be comparable to other A-E zoned properties surrounding the subject property.

- d. *Enhance convenience for the present and future residents of Arapahoe County by ensuring that appropriate supporting activities, such as employment, housing, leisure-time, and retail centers are in close proximity to one another.*

Rezoning the property from MU-PUD to A-E would not affect convenience for present and future residents.

- e. *Ensure that public health and safety is adequately protected against natural and man-made hazards which include, but are not limited to, traffic, noise, water pollution, airport hazards, and flooding.*

Rezoning the property from MU-PUD to A-E will remove the potential motorsports activities allowed in the current Colorado Motorsports PDP. This reduces the potential for hazards such as traffic, noise, and pollution on the subject property and in the area.

- f. *Provide for accessibility within the proposed development, and between the development and existing adjacent uses. Adequate on-site interior traffic circulation, public transit, pedestrian avenues, parking and thoroughfare connections are all factors to be examined when determining the accessibility of a site.*

The requested A-E zone district standards include a 35-acre minimum lot size requirement. No internal roads or pedestrian circulation systems (aside from private driveways) are required to serve A-E zoned properties.

- g. *Minimize disruption to existing physiographic features, including vegetation, streams, lakes, soil types and other relevant topographical elements.*

There are no significant physiographic features on the subject property.

- h. *Ensure that the amenities provided adequately enhance the quality of life in the area, by creating a comfortable and aesthetically enjoyable environment through conventions such as, the preservation of mountain views, the creation of landscaped open areas, and the establishment of recreational activities.*

The minimum lot size in the requested A-E zone district is 35 acres. Lots of this size provide abundant opportunities for outdoor open areas and recreation.

- i. *Enhance the usable open spaces in Arapahoe County, and provide sufficient unobstructed open space and recreational area to accommodate a project's residents and employees.*

The minimum lot size in the requested A-E zone district is 35 acres. Lots of this size provide abundant opportunities for outdoor open areas and recreation.

- j. *Ensure the application complies with the requirements of this Resolution and is in general conformance with the Arapahoe County Comprehensive Plan.*

The application complies with the intent of the Comprehensive Plan as discussed above.

Dear Mr. Skinner,

Thank you for the opportunity to review and comment on Rezoning of 140.04 acres from Planned Unit Development (PUD) in the Colorado Motor Sports Park PUD to Agricultural-Estate (A-E) located at 2280 S County Road 201. Tri-County Health Department (TCHD) staff has reviewed the application for compliance with applicable environmental and public health regulations and principles of healthy community design. After reviewing the application, TCHD has the following comments.

On-Site Wastewater Treatment System (OWTS) – New or Expanded

Proper wastewater management promotes effective and responsible water use, protects potable water from contaminants, and provides appropriate collection, treatment, and disposal of waste, which protects public health and the environment. TCHD has no objection to the properties being served by an OWTS provided that the systems are permitted, inspected and operated in accordance with TCHD's current OWTS Regulation. Based on the applicant's description, a permit for the installation and final approval of the OWTS is required. In order to start the process, the applicant may contact our Greenwood Village Office by phone at 720-200-1670 or in-person at 6162 S Willow Drive, Suite 100. More information is available at <http://www.tchd.org/269/Septic-Systems>.

Domestic Well

Drinking water contaminated with pathogens can cause a variety of illnesses in humans. It is important to protect source water from contamination, and to treat drinking water to eliminate pathogens before it is provided for human consumption. Individual well owners have primary responsibility for the safety of the water drawn from their own wells. Well owners with questions about wells or well water can call the Wellcare® Hotline operated by the Water Systems Council, a national organization focused on well systems not regulated under the Safe Drinking Water Act., at 888-395-1033 or online at www.wellcarehotline.org. Well owners may also contact Jennifer Charles, Water Quality Specialist, at (720) 200-1583 with water quality questions.

The applicant may want to consider having the well water analyzed for a number of contaminants as a baseline of the water quality. A baseline water quality analysis is valuable for future reference in the case of possible contamination. Certain parameters such as coliform bacteria and nitrate, pH and Total Dissolved Solids (TDS) are recommended to be analyzed annually as these can indicate possible breaches in the well. The Colorado Department of Public Health and Environment (CDPHE), Laboratory Services Division can assist you with water analyses. The CDPHE offers individual water tests as well as testing packages to choose from depending on your needs. The CDPHE laboratory web site is located at: <https://www.colorado.gov/pacific/cdphe/water-testing>.

Please feel free to contact me at 720-200-1585 or aheinrich@tchd.org if you have any questions on TCHD's comments.

Sincerely,

Mr. Bill Skinner- Senior Planner Arapahoe County Planning Division

This email is in response to your letter dated March 15, 2021 regarding the request by Justin Reyher of Beacon Real Estate Services for Rezoning of Certain property located at 2280 S County Road 201, Byers, CO 80103. Carol and i have no objection of the granting of the requested rezoning for the 140.04 acres as depicted on the supplied map from Currant PUD "race track" to A-E agriculture zoning provided all zoning criteria is met by the county planning division of Arapahoe County.

I have always been opposed to the "Race Track" as was never a fit for the surrounding area. Our property is the 640 acres across from the property in question. My only suggestion is that a stop sign be required at the crossing of the proposed new road at Country road 201 for public safety and a posted vehicle speed limit sign be erected on Country Road with the increased traffic flow.

Thank you for providing us with this information.

Kind Regards,

Alban and Carol Moreno Trustees for Moreno Living trust.
